# PROBLEM STATEMENT

The aim of this project is to design and develop a personal photography portfolio website. The portfolio showcases nature, wildlife, street, travel and digital arts photography, along with achievements, events covered and contact details.

# PROJECT OVERVIEW

This project is a web-based photography portfolio created by using HTML,CSS and JavaScript.The portfolio serves as a digital identity,highlighting photography skills,awards,professional experience and visual storytelling.It provides an engaging way for visitors to explore different categories of photography through a modern, responsive design.

# END USERS

Photographers who want inspiration.

- 1.Clients looking to hire a professional photographer.
- 2.Event manager seeking photography services for weddings,concerts and cultural events.
- 3.Generals audience interested im viewing creative photography and digital art.

# TOOLS AND TECHNOLOGY

HTML5 - For structuring web content.

CSS3 - For styling, layout and responsiveness.

JavaScript - For interactive features like counters and form validation.

Responsive Design - Ensures usability across mobile, tablet and desktop.

Browser Support - Works on all modern web browsers.

# PORTFOLIO DESIGN AND LAYOUT

Header Section: Hero banner with a welcome message and tagline.

Navigation Bar: Sticky navbar for smooth navigation.

About Section: Introduction to Amrin and photography passion.

Journey Section: Timeline and video showcase.

**Portfolio Section:** Categorized image galleries  
(Nature, Wildlife, Street, Travel, Digital Art).

**Achievements Section:** Cards highlighting awards and recognitions.

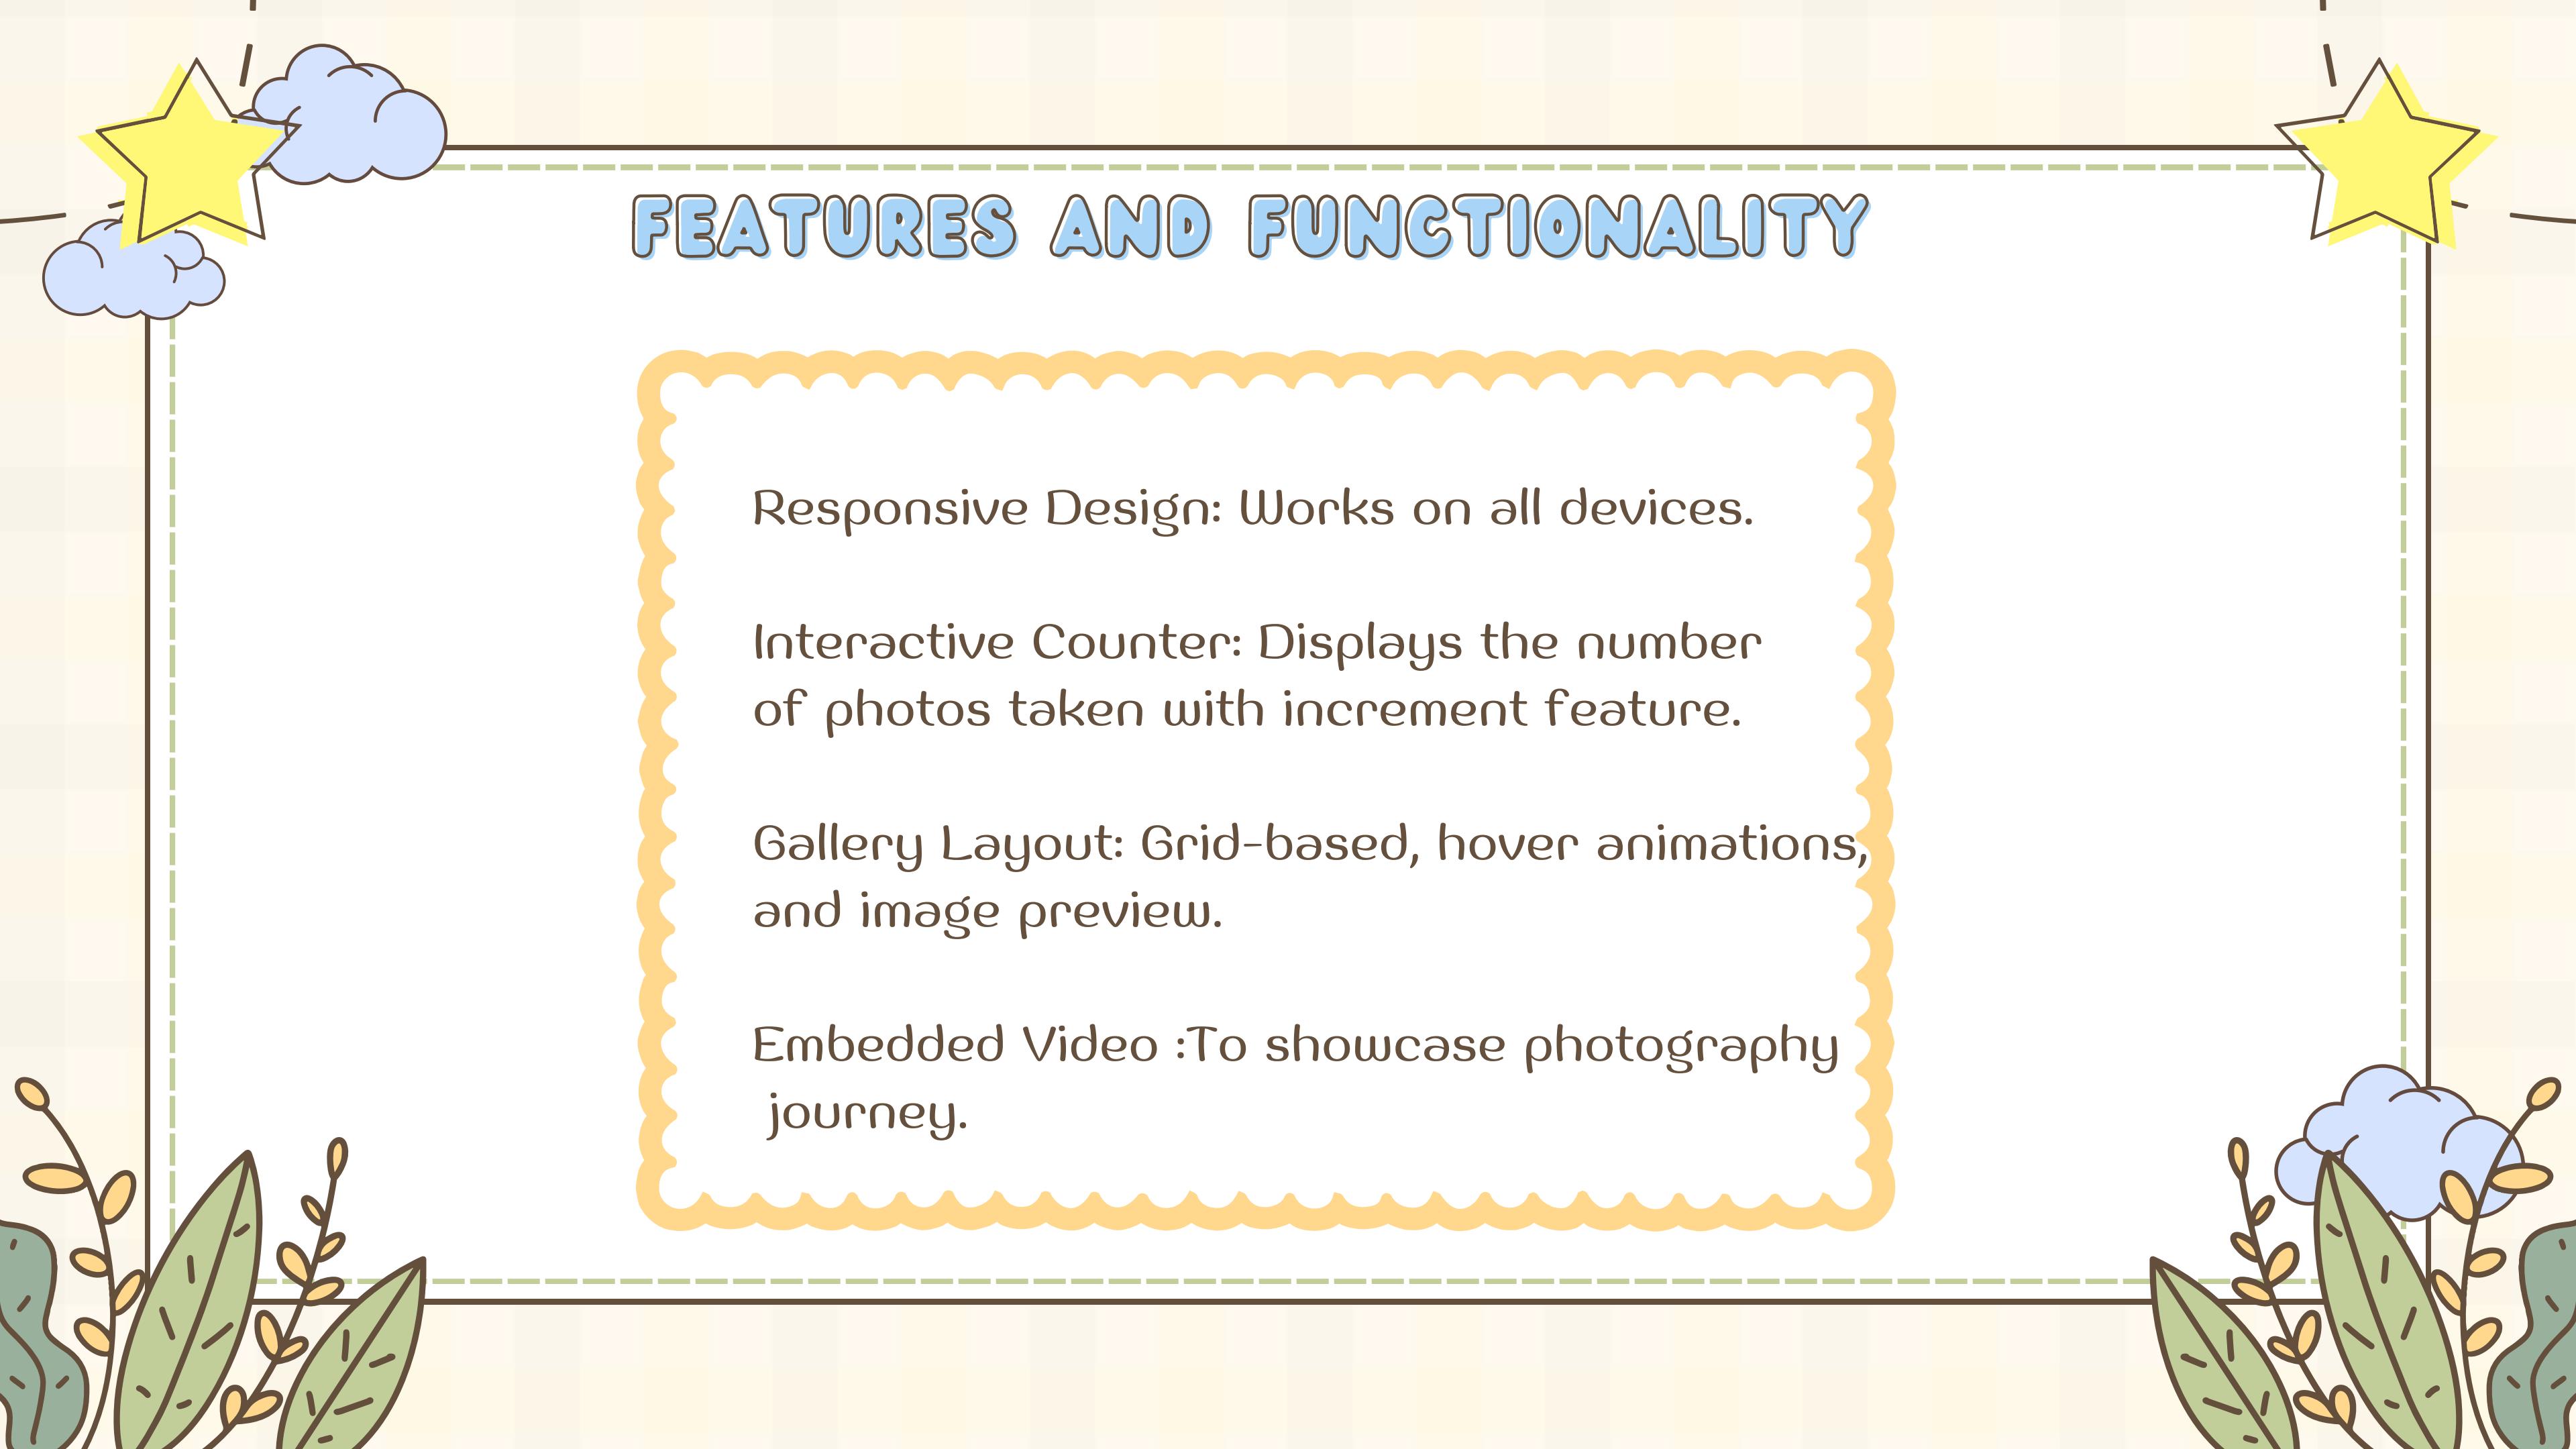

**Events Section:** Services and events covered.

**Experience Section:** Interactive photo counter to show total work done.

**Contact Section:** A working form for inquiries.

**Footer Section:** Copyright and credits.

## FEATURES AND FUNCTIONALITY

Responsive Design: Works on all devices.

Interactive Counter: Displays the number of photos taken with increment feature.

Gallery Layout: Grid-based, hover animations, and image preview.

Embedded Video :To showcase photography journey.

Achievements & Events Cards: Engaging card UI with hover effect.

Contact Form: Allows users to send messages (with confirmation message).

Sticky Navigation: Quick access to different sections of the portfolio
